Section 403(r)(6) Notification

Dear Sir or Madam:

In accordance with the requirement of section 403(r)(6) of the Federal Food, Drug and Cosmetic Act, **Leiner Health Products** notifies the FDA that it has begun using the following phrases and statements:

SugarX™ Specialty Supplement

- May Help Control Hunger Between Meals by Indirectly Affecting Feelings of Fullness
- Dietary Support for Healthy Sugar Levels
- Helps Balance Metabolism
- May Promote Development of Lean Body Tissue

YourLife® SugarX™ is a unique complex of key vitamins, minerals and herbs. This special formula may help control hunger between meals by indirectly affecting feelings of fullness. Peaks and valleys in our bodies' sugar or glucose levels are directly related to the desire to eat. Maintenance of normal blood sugar or glucose levels may help regulate feelings of hunger and thus the impulse to eat.

Chromium Picolinate is used by the body to help use blood sugar for energy and may promote the development of lean body tissue. Gymnema Sylvestre is a traditional herb whose name, *gurmar*, means "destroyer of sugar." Gymnema has been studied for its effect on reducing glucose absorption. L-Glutamine and DL-Phenylalanine are amino acids that help the body deal with stress and hunger by producing chemicals which assist in supporting healthy sugar levels and balance metabolism.

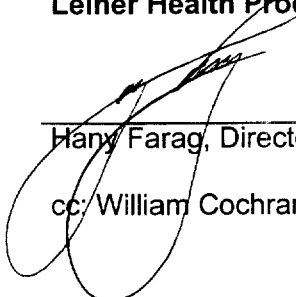

on the following product:

YourLife® SugarX™

Very truly yours,

Leiner Health Products
